## TGA NM VISTAS REPORT

TGA has successfully exited School Improvement status. This accomplishment reflects our commitment to student success, a dedication to continuous improvement, and the hard work demonstrated by your staff, students, families! We are so excited to share this news with you! Thanks so much for your continued support!

---

## ROADRUNNER FOOD BANK

Thank you students for your hard work at Roadrunner Food Bank! You worked together to process 6,380 pounds of carrots, far surpassing the goal of 3,300 pounds. This shows the power of teamwork and making a difference for others.

Service learning helps students connect what they learn in school to real-world impact while building important life and leadership skills.

---

## MYPATH

MyPath is an important part of supporting student learning. It provides personalized lessons based on MAP testing results, helping students strengthen skills and make progress at their own pace. Students are expected to complete 3 hours per week and at least 3 activities to stay on track.

MyPath aligns with the MAP process, which measures growth through adaptive questions and a RIT score that tracks progress over time. Consistent participation ensures students continue to grow academically and build confidence in their learning.

## END OF THE SEMESTER

As we approach the end of the semester on December 18th, this is an important time for students to review their progress and ensure all assignments are completed across all classes. For students working in Edgenuity, please make sure you are actively working toward completing your semester courses. If you find yourself stuck, need clarification, or did not perform well on an assignment or quiz, remember you may request a reset so you have the opportunity to try again, improve your understanding, and maintain strong grades. Staying proactive now will help ensure a successful close to the semester.

---

## HS COHORT EDUCATION

We will be working with each high school grade to help them understand the graduation requirements that are specific to their cohort through the end of this semester. This will lead into the students working on completing their next step plans which is a state requirement that helps students with planning for each of their high school years. Eighth graders will go through this process as well in preparation for their first year in high school next year.
