

QUARTERLY UPDATE

TGA NEWSLETTER

NOW ENROLLING

Do you know of any friends or family members looking for a GREAT school for their kids? Please refer them to TGA! We are accepting new students for the 26-27 school year in grades 6-12. Interested parents can get more information on our website, www.thegreatacademy.org or give us a call at 505-792-0306.

SUMMER INTERCESSION

TGA Summer Intercession will be June 15-24. This is an extension of the school year and is free of charge to enrolled students. Students who have not completed their courses during the school year will be required to attend so that all courses are completed in preparation for the 26-27 school year.

INTENT TO RETURN

All families should have received a link by email that will allow you to share with us whether or not your student will be returning to TGA for the 26-27 school year. This link will also allow you to tell us if you have another child you would like to attend TGA. If we do not hear from you, please expect a phone call so we can get this very important information.

MYPATH HELPS STUDENTS ACADEMIC GROWTH

Students in grades 6-11 are using a program called MyPath to help them grow closer to proficiency in reading and math. MyPath is a computer-based, individualized intervention program. Students work one hour in this program each day. The program helps to address deficiencies students have in both content areas.

With state testing approaching fast, it is important that we are giving students tools to help them be prepared to show what they know. Help us to remind students to always give their best effort when doing any academic task. This program will grow with your child as he/she expands academically. By that same token, if the student is just clicking through answers, the program will start presenting skills from lower grades.

Check in with your student on their progress in MyPath.

Please remind your child to bring the following each day: headphones, lunch, Chromebook charger.

IMPORTANT DATES

- 3/12 - Pi Day
- 3/12 - End of Quarter 3
