

The GREAT Academy GRADUATE

Gaining Real-world Experience through Active Transition.

The GREAT Academy graduates are prepared for real-world transitions, equipped with the skills, knowledge, and mindsets necessary to succeed in postsecondary education, the workforce, and their communities. They are academically capable, socially responsible, and ready to navigate challenges with confidence, creativity, and purpose.

GROWTH

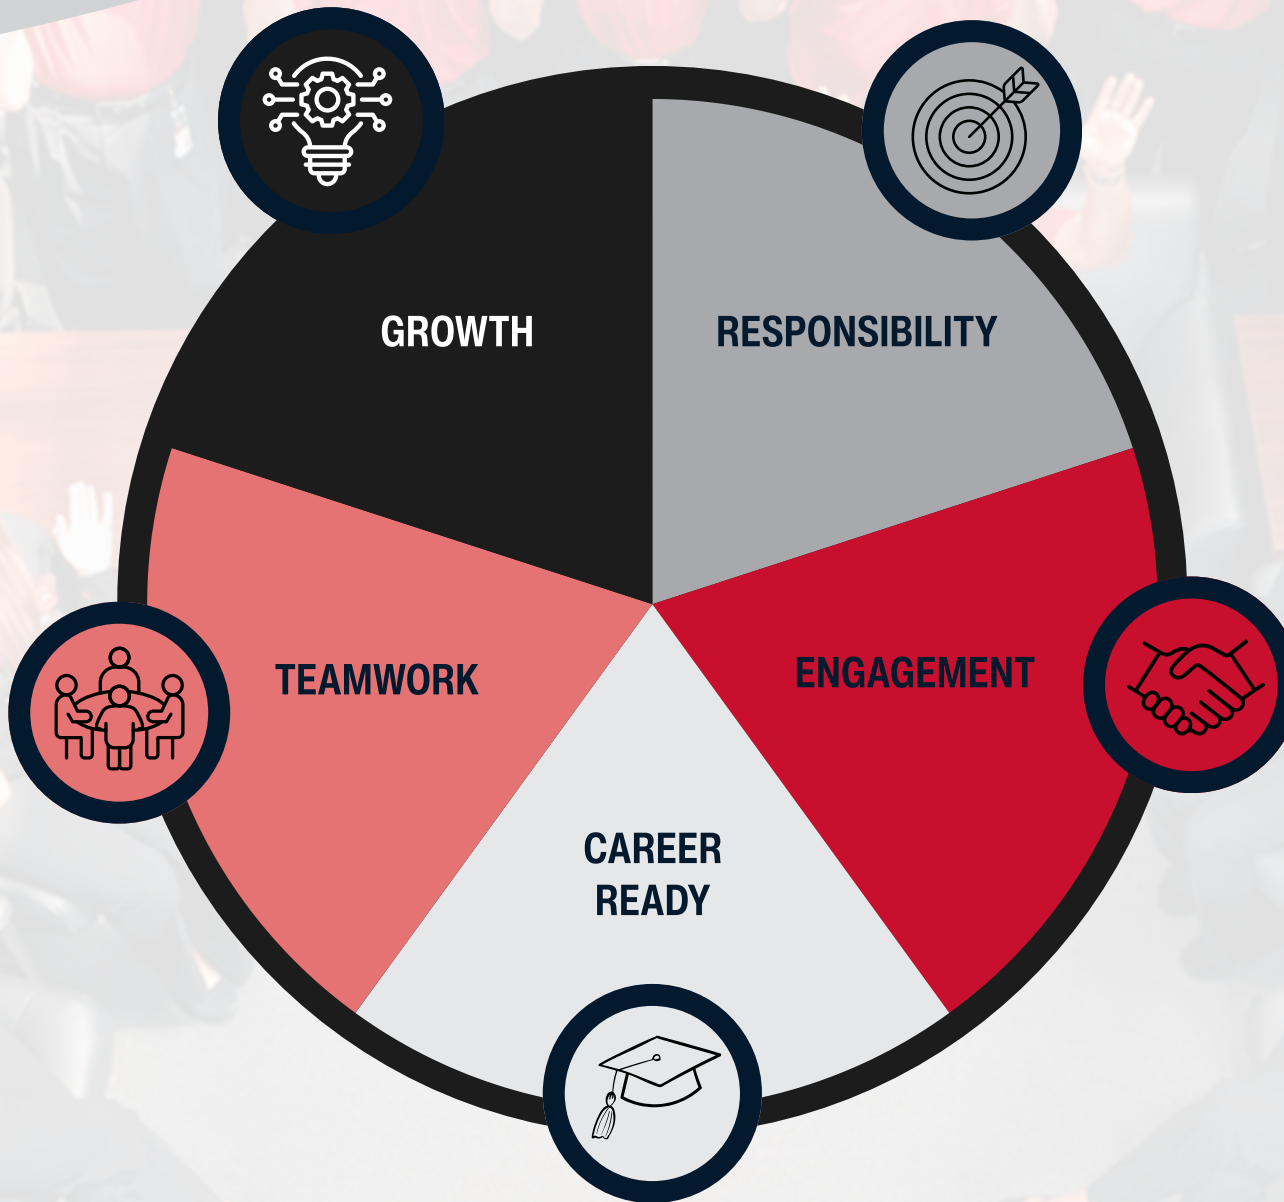

Growth and Critical Thinking

- *I think critically and solve problems in real-world situations.*
- Graduates will analyze information, ask questions, and apply learning to make thoughtful decisions and solve complex problems.

TEAMWORK

Teamwork and Belonging

- *I work effectively with others and foster a sense of belonging.*
- Graduates will collaborate respectfully with diverse peers, value cultural perspectives, build inclusive communities, and contribute to a positive school culture.

RESPONSIBILITY

Responsibility and Self-Direction

- *I take ownership of my learning and actions.*
- Graduates will set goals, manage their time, and demonstrate accountability for personal and academic progress.

ENGAGEMENT

Engagement and Community

- *I contribute meaningfully to my community and collaborate with others.*
- Graduates will participate in service learning, advocate for others, and make positive contributions to their school and community.

CAREER READY

Academic and Career Readiness

- *I prepare for college, career, and lifelong learning.*
- Graduates will demonstrate academic mastery, apply industry-relevant skills, and engage in experiences that prepare them for postsecondary education and careers.
